ABOUT US

Why Choose Us

The team at TekWorx comprises of technology enthusiasts from Ph.D holders to fresh graduates with knowledge base varying from digital signal processing to technology-based venture creation. Our strength lies in technical research-based approach to find solutions to business problems. The team includes individuals with past experience from Multi-Nationals Suppliers, Government, Defence, Information Technology Companies and Academia.

We, at TekWorx, are proud to provide advanced economical technology and sourcing solutions to our clients enabling them to improve upon their operations and business. Our philosophy goes beyond working with business entities as we look forward to serving the community in partnership with our clients. We are always open to work with clients on a variety of working models suitable to the organization's environment.

Our integrated set of Procurement Services is tailored to each client's specific requirement through our diverse global partner portfolio; with the aim of lowering the total cost of procurement while meeting the highest standards of quality assurance. We ensure on-time delivery of quality goods to customers, which is our hallmark.

Clientele

Since inception of Tekworx in 2011, we have been providing services in the areas of Public Security, UAV Systems, Surveillance Solutions, Precision Instrumentation, Oil & Gas Industry, etc. Diverse and vast industrial experience of our team is ready to serve the needs of following sectors:

1. **Oil and Gas sector,**
2. **Chemical, Petrochemical and Fertilizer Industry**
3. **Power Generation and distribution Concerns**
4. **Textile Industry**
5. **Construction Industry (MEP Equipment, Elevators & Escalators) & other allied industries.**

VISION

To be unique technology solutions provider for the region

MISSION

We develop and implement optimal tech solutions to challenges faced by our customers.

Kamal Ahmed, CEO

PORTFOLIO

1 OIL & GAS INDUSTRIAL EQUIPMENT & SERVICES

We, Tekworx, are partnered with the leading and internationally renowned group to provide the following services:

Modularized Gas Treatment Packages

We specialize in complete modularized hydrocarbon process & treatment packages with proven and innovative technology solutions. Our gas treatment technologies include packages for:

- Gas & Oil Separation
- Condensate & Water Removal
- Produced Water Treatment
- Sulphur Recovery Unit
- Gas Dehydration Units
- NGL Recovery & Fractionation
- Regasification Packages

Oil, Gas, LNG Tanks and Terminals

One of the leading companies specializing in storage tanks for ambient, low temperature and cryogenic conditions for products such as ammonia, LPG, and LNG in line with international design codes and standards

PORTFOLIO

Flare Systems, Burners, Pipeline Engineering and Services

We provide environmentally friendly smokeless flare systems in the hydrocarbon processing industry to minimize the formation of NOX and CO emissions.

Petroleum & Gas Engineering Services

We provide Petroleum and Gas Engineering services for field and infrastructure development as well as production enhancement services from every engineering discipline:

- Process
- Piping
- Mechanical & Civil
- Structural
- Electrical Instruments
- 3D Modelling

Fabrication & Supervision Services

We support your engineering departments with practical solutions. We can handle all grades of carbon steel, stainless steel, heat resistant and low temperature materials as well as special alloys for the fabrication of modularized process packages, pressure & high-pressure vessels, heat exchangers and design flare systems.

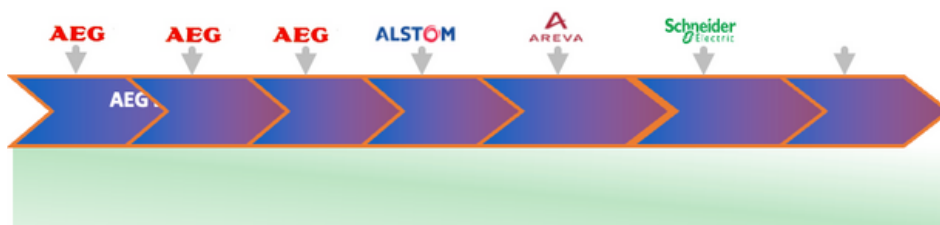

PORTFOLIO

2 POWER SYSTEMS (ELECTRICAL PANELS, MCCS & SWITCHBOARDS ETC)

Tekworx is Authorized Distributor/Representative of IMS Electric (Formerly Schnieder Electric, Areva, Alstom, AEG Pakistan) to offer following services and products to Government & Defence Organizations :

- Designing and manufacturing of Medium Voltage Switchboards 17.5kV, 95 kV BIL, 2500A, 40 kA types PIX, WKK, RK
- Designing and manufacturing of Low Voltage withdraw able and fixed type Motor Control Centers, Distribution Switchboards and Power Distribution Panels Types Blokset D, Mf, Ms, Mw2
- Designing and manufacturing of Relay Protection and Control Panels for Grid Stations, AC/DC Panels
- Designing and manufacturing of Kiosks complete with MV, trafo and LV sections for outdoor use
- Projects encompassing all requirements for a Distribution System of industrial and infrastructure Projects
- Service of HV, MV Systems including operation and maintenance and spares

PORTFOLIO

3 CONSTRUCTION INDUSTRY (MEP EQUIPMENT, ELEVATORS, ESCALATORS)

Helping construction industries to find economical and reliable solutions for following:

- Elevators & Escalators
- Mechanical Systems (Pumps, Fire Fighting Solutions, Piping etc)
- Electrical Systems

4 PROCESS PIPING, VALVES & FITTINGS

Piping and Valves play a vital role in most of the industries involving pipelines or other applications. It is even more crucial for industries to have the right quantity and quality of valves to control the flow of fluids or gases to maximize their efficiency. We can deliver a range of valves as per different operational requirements, conforming to international standards (ASTM, ASME, API, JIS, DIN and other specifications).

- Pipes & Tubes (All grades)
- Pipe & Tube Fittings (Elbows, Tees, etc)
- Gate & Globe Valves (Different Grades & Sizes)
- Butterfly, Ball and Plug Valves (Different Grades & Sizes)

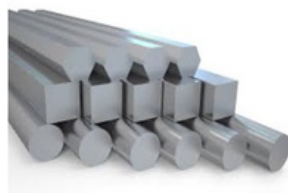

PORTFOLIO

5 INDUSTRIAL TOOLS, HARDWARE AND CONSUMABLES

Tools, hardware and consumable items are every day requirement of all the industries. Ready and economical availability of these items plays important role in work and business efficiencies. Tekworx can be a good your sourcing partner for these requirements:

- Welding Equipment, Accessories & Consumables (Electrodes, Wires etc)
- Fasteners, Nuts, Bolts and threaded rods (General & special material grades)
- Cutting & Grinding Discs & Wheels
- Smooth Sheets (Hot/ Cold Rolled, Ferrous & Non-Ferrous grades)
- Bar Stocks (Ferrous & Non-Ferrous grades)
- Special Grade materials
- Measuring Tools (Mitutoyo etc)
- Any other special requirement

OUR PARTNERS

We bring along experience and support of local and international organization with diversified areas of specialization.
